

Member Services List

Below is a list of the benefits and services included with your membership.

We do not bill insurance for any of the services provided in our clinic. However, you can use your insurance for lab testing, vaccines, and other services you receive outside of our clinic.

Prices for things like lab testing and medications are current as of **11/11/20**. Pricing may change from time to time based on our actual costs.

Additional fees may apply for the cost of medications, medical devices, and pathology associated with certain procedures. You will always know what these fees are before we move forward with a procedure.

We look forward to being your partner in health for years to come!
